THE NECROMANCER - She picked the worst guy to have an affair with! - Evil stalks in Hawaii...

Michelle was brutally attacked in her locked hotel room in Las Vegas. The police didn't believe her and thought she must have lured a man up to her hotel room for a little sexual adventure, which went dangerously out of control. Michelle sustained visible scars from the terrifying and almost lethal attack, but pure fear motivated the move from her home in California to Hawaii. She's scared her attacker will come back. She's sure the next time he'll kill her. Now she has a successful career and she figures abstinence is an acceptable, if lonely, way to live.

Michelle decides an affair with a wickedly handsome man who moves into her building might cure her of the humiliating, embarrassing, and uncontrollable anxiety attacks which plague her whenever she finds herself alone with a man.

How could she know that she made the worst possible choice?

Omar Satinov, the man Michelle has chosen, is a secret, whispered legend across several continents. His lure is a mystical religion based upon Witchcraft; his hook, the addictive herbal products he sells his followers. But does he really have supernatural powers, as many of his disciples believe?
