Women Resist Globalization: Mobilizing for Livelihood and Rights Sheila Rowbotham, Stephanie Linkogle

Women Resist Globalisation is a stimulating account of women's grassroots activism in two important areas: claims to livelihood, and to human rights. Looking at specific cases ranging from the British miners' strike, to making gender central to the Guatemalan peace process, the book documents activists challenging the boundaries of work, environment, reproduction, community, democracy, and politics. The book looks at recent and diverse examples of resistance: women fighting for environmentalism and reproductive rights, mobilizing against poverty and racism, fighting inequalities imposed by structural adjustment, and campaigning for human rights.
