## The Rule of St. Benedict (An Image Book Original) Benedict of Nursia

From the time it was first promulgated in the sixth century, *The Rule of St. Benedict* has been one of the most influential, enduring documents of Western civilization. Composed for the guidance of his own monks at Monte Cassino, St. Benedict's *Rule* has become the basis for the rules of practically every Christian monastic community in the West. In it are the guidelines for living the spiritual life -- through work, prayer, study, obedience, community, and moderate asceticism.

This acclaimed edition of *The Rule of St. Benedict* is a highly accessible modern translation that conveys the spirit and logic of the original text. It contains an invaluable in-depth Introduction that explores the development and spread of Christian monasticism; a biographical sketch of St. Benedict; a discussion of the structure and implementation of his *Rule*; its value and impact on religious orders from the Middle Ages down through history; its tremendous influence on Western culture and civilization; and, finally, various texts of the *Rule*.
