This Volume collects the final three parts of the Sex With Robots Series, Phases 4, 5 and 6. The original robot is back, and this time his plans go far beyond mere copulation with Angie or Beth. But first it will need to possess the body of the replacement robot that Todd has created for his wife. A robot to keep her and Beth occupied until he can complete his ultimate creation, a robot that will change the lives of Angie and Todd forever. If you enjoyed the three short stories from Volume 1, this end tale will be sure to have you questioning the future of robotics, and what could happen if we delve too deep in creating artificial intelligence.
