Immortality is a remarkable and engaging account of Maria Moreno, a medium who was the incredibly accurate instrument for thousands of messages from the "other side." With spirits identifying themselves by name, family, and profession, Moreno startled and left spellbound those around her with the dead's disclosures, as they correctly foretold disastrous earthquakes, sundry revolutions and holocausts in scattered parts of the globe, even projecting Jesus' second coming at the end of the century. This fascinating firsthand account of Moreno, as told with precision by Stearn, will intrigue and mystify you with the startling proposition that life does not end at death, but is, in fact, everlasting.
