Imperium In Imperio: A Study Of The Negro Race Sutton E. Griggs

Sutton Elbert Griggs (June 19, 1872 - January 2, 1933) is best known for his novel *Imperium in Imperio*, a utopian work that imagines that within the United States there is a separate African American state. This work centers on the disclosure of an African American "empire within an empire," a shadow government complete with a Congress based in Waco, Texas. The two main characters are childhood friends separated by wealth, education, skin tone, and political outlook; one is a militant and one an integrationist. The light-skinned and more militant Bernard Belgrave has been hand-picked to serve as president and advocates a takeover of the Texas state government, while the dark-skinned, college-educated Belton Piedmont argues for assimilation and cooperation. Bernard has Belton executed as a traitor, leaving the potentially violent and unstable Bernard in control of the Imperium as the novel ends.
