Me and My Shadow: Move from Fear and Control to Love and Freedom Diana Rose Iannarone

This book is a testament to the power we have in the creation of our own lives and the lives of all living things in the world around us. Every step we take, we are on an unconscious quest for the pieces of ourselves that we left behind so long ago. We have allowed our inner wisdom to be overshadowed by those who we choose to view as the directors or authorities in our lives. The release of our own power, in favor of what we believe is expected of us by whomever we label our authority, binds us in chains. Our torment and suffering become far reaching and can actually destroy us, leaving us oblivious to the true reality in our own lives and the role we play in its creation. On our path to wholeness we are unaware that we first seek that which we deny in ourselves, leaving us in pain or numb, longing for the fullness of love. It is only when we embrace every piece of ourselves that we will rediscover that from the beginning, we were always whole and complete and we need not journey away from ourselves to find peace. This book defines one person's journey inward, leading to the enlightened path where relentless suffering comes to an end, and reveals the key to living a life fully free from Fear and Control. This revelation... forever allows us to experience the Love and Freedom that has always been awaiting us. In finding our wholeness and freedom within ourselves, we discover something even more powerful; we realize that each of us as individuals is a reflection of the world as a whole. It is our decision to remain asleep, unconscious to the abuse we allow in our lives, that keeps us fragmented and wounded. It is time to awaken to all pieces of ourselves, and unite them in wholeness to rediscover that omnipotent power within us, and remember how to ignite that power to create an entire world-at peace.
