A Reformation Reader: Primary Texts With Introductions Denis Janz

Although deeply political, economic, and social, the European Reformations of the sixteenth century were at heart religious disputes over core Christian theological issues. Denis Janz's A Reformation Reader is unabashed in its generous selection of key theological and related texts from five distinct Reformation sites. Along with plenty on the late-medieval background, the Lutheran, Calvinist, Radical, English, and Catholic Reformations are all well-represented here.

Janz's selection of more than 100 carefully edited primary documents captures the energy and moment of that tumultuous time. The new edition incorporates a dozen readings by and about women in the Reformation, adds a new chapter on Thomas Muntzer and the Peasants' War, and adds illuminating graphics.
