Inteligencias Múltiples/Multiple Intelligences: La teoría en práctica/The Theory in Practice (Transiciones) (Spanish Edition) Howard Gardner

Este libro es una propuesta moderna y arriesgada que pretende explicar el modo en que la gente desarrolla las capacidades más importantes para su modo de vida: la inteligencia lingüística, la lógico-matemática, la espacial, la musical, la corporal y cinética, la interpersonal y la intrapersonal. Todas ellas se utilizan para resolver los distintos problemas que se nos puedan plantear cotidianamente y para alcanzar diversos fines culturales: vocaciones, aficiones y similares. La conclusión no es solo que la escuela del futuro debería centrarse en el individuo y ayudarlo a desarrollar todas esas inteligencias, sino también que cada persona tiene su propia manera de combinarlas y utilizarlas, aunque quizá no la conozca aun. En cualquier caso, la misión de este apasionante libro es lograr que la descubra.
