Amplified Bible - AMP 1987 (Includes Translators' Notes)

The Lockman Foundation

Amplified Bible - AMP 1987 (Includes Translators' Notes) The Lockman Foundation

This edition includes the Translators' Notes found at the bottom of the page in the print editions. The notes follow each chapter for quick reference.

The Amplified Bible is a translation that, by using synonyms and definitions, both explains and expands the meaning of words in the text by placing amplification in parentheses and brackets and after key words or phrases. This unique system of translation allows the reader to more completely grasp the meaning of the words as they were understood in the original languages. Through multiple expressions, fuller and more revealing appreciation is given to the divine message as the original text legitimately permits.
