Sociology, Theology, and the Curriculum (Theology in Dialogue)

Sociology, Theology, and the Curriculum (Theology in Dialogue)

In this book, theologians reflect on sociological methods, explore social theories of the human agent, and offer a theological transformation of sociology. Spanning such developments as local, non-stipendiary ministries, the identification of the roots of church growth, and giving voice to gay and lesbian Christians, this collection of innovative essays provides a fascinating and important dialogue on how the seemingly disparate fields of sociology and theology can illuminate and enrich one other.

This is essential reading for anyone concerned with the shifting dynamics of these two disciplines.
