An Asperger Marriage

An Asperger Marriage Christopher Slater-Walker

Four years ago, Chris Slater-Walker was diagnosed with Asperger Syndrome. For him this was an explanation of why he has always regarded himself as 'socially handicapped,' but for his wife Gisela it meant coming to terms with a marriage in which there would never be any intuitive understanding, despite Chris's good intentions. This book is an open and honest account of a long and still unfinished process of learning to live with a disability that some regard as incompatible with marriage. It is a story whose wider implications will be of compelling interest to anyone who has encountered autism spectrum conditions.
