**Cronica De Una Muerte Anunciada / Chronicle of a Death Foretold (Spanish Edition)** Gabriel Garcia Marquez

Anda, nina: dinos quien fue. Ella se demoro apenas el tiempo necesario para decir el nombre. Lo busco en las tinieblas, lo encontro a primera vista entre los tantos y tantos nombres confundibles de es mundo y del otro y lo dejo clavado en la pared con su dardo certero, como a una mariposa cuya sentencia estaba escrita desde siempre. -Santiago Nasar -dijo.>> Basado en un suceso real, la reconstruccion literaria, laberintica y polifonica del ineluctable y brutal asesinato de un hombre en una remota poblacion fluvial caribena significa la apuesta mas arriesgada de Gabriel Garcia Marquez hacia una novela total. Microcosmos tragico, explora el ancestral atavismo de la virgen en la cultura hispanica, donde se entretujan las ideas de la moral publica, el honor familiar y la conciencia de clase, al tiempo que elabora una magistral vuelta de tuerca sobre el indisoluble vinculo entre el amor y la muerte, lo que, junto con el resto de su obra, le valdria a Gabo recibir el Premio Nobel al ano siguiente de sus publicacion.
