Word searches, drawings, quotes, and more...all arranged in both a topical and chronological order to help introduce students to the amazing work of Leonardo da Vinci. This book is a great compliment to *Da Vinci: His Life and His Legacy*, but it is also a great stand-alone title. Each topic – Leonardo the Mathematician, Leonardo and the Horse, Leonardo the Architect, and many others – includes a historical context and ideas for hands-on study of that topic. The ideas in the book have been classroom tested and kid-approved! (This book includes everything from Catherine's *Da Vinci Unit Study*, *Da Vinci Student Book*, and more!)
