Impossible: The Case Against Lee Harvey Oswald (Volume One) Barry Krusch

Note: Volume 3 of this three volume series will be free on the 22nd of this month. Also, in 2013 video evidence was released from the National Archives that demonstrates conclusively the final chapter of volume 1, that the shells implicating Oswald in the National Archives were planted there. To see this video evidence, go to YouTube and search for "Krusch Oswald framed". Additional evidence can be found searching for "Krusch Kennedy review."

In the last 49 years, hundreds of books have been written on the Kennedy assassination. But there is only one of them -- this one -- which comes backed with a better-than-a-moneyback guarantee: prove the conclusions of this book wrong before a jury of 12 arbitrators, and you get **\$100,000** (quadruple the offer detailed in the book). Fail to prove it, and you pay the author nothing.

As a consequence of this unique offer, you do not even need to read this book to know that it proves, conclusively, that there is absolutely no case against Lee Harvey Oswald. You know this because out of the thousands of people who have read and downloaded this book, not one of them have dared to take **The JFK Challenge**, including numerous notable proponents of the lone assassin theory, such as Bill O'Reilly, Vincent Bugliosi, Stephen King, John McAdams, and Gerald Posner. Moreover, not one of the hundreds of people on Kennedy assassination Internet websites have dared take the offer either, nor any of the Amazon reviewers who have posted their "authentic" one-star reviews. And the author's "Mini-Challenge," which only involves one arbitrator and one of six issues, has likewise been avoided.

Just what is the evidence in this book that is so devastating? The answer is simple: merely the evidence of the case, but put together in novel and at times startling ways. Read this book, and you will find out why the case against Oswald is a complete fantasy, and why in fact, after reading this book, no sane person could ever believe that Lee Harvey Oswald could have been found guilty in a court of law.

Get ready for the truth, America: there is *not one person* in the United States, or even the planet, who truly believes that Lee Harvey Oswald would have been convicted of the assassination of President Kennedy. This is especially true because, when all the evidence is analyzed, it becomes painfully apparent that Oswald was **framed**.

The question now is, *what do we do about it?*
