## **The Man in the Blue Tie: Our 9/11 Stories** Vincent Yanez

We all remember where we were that day. Just like the day Kennedy was shot or the day Pearl Harbor was attacked, we found that we were shocked together, we were angry together, we were sad together and we mourned together. Just like those days, September 11th, 2001 became a part of our National Memory.

In his book, Einstein's Shutter, author Vincent Yanez wrote about those days and weeks following that day in September, but he never told the story of what he saw that day. This book is not only his account of where he was, but is also a collection of stories from all over the world, from every day people who also wanted to share what that day meant to them.
