## **Living Gluten-Free for Dummies** Danna Korn

Living Gluten-Free For Dummies, like all For Dummies books, is divided up so you don't have to read it all at once, or even front to back, if you don't want to. You can skip from B to R to A and even reread B if you want to. You can read it sideways and standing on your head if you'd like; all you have to do is find a section you're interested in and dig in (how's that for liberating?). I suggest you peruse the Table of Contents and see whether any particular chapter or subject really floats your boat, and start there. Or you can flip through the book and see whether any of the headings catch your interest. If you're new to the gluten-free lifestyle and have tons of questions, you're probably best off starting at Chapter 1 and working your way through most of the book in order. If you've been gluten-free for years, do yourself a favor and take a look at Chapter 4. You may be surprised at some of the foods that are allowed on the gluten-free diet that used to be considered no-nos. You may find this chapter opens a lot of cupboard doors that you once thought were closed!
