The Process of Investigation: Concepts and Strategies for the Security Professional Charles A. Sennewald

The Process of Investigation was conceived, designed and written to serve the growing professional, educational and training needs of the security industry.

Unlike most books on investigation and security, Mr. Sennewald's book is written for the private sector professional. There are clear differences between the public and the private sector when it comes of investigative processes and objectives, and this book takes the reader through the fundamentals, legal aspects, organizational objectives, concepts and strategies of investigations, as they exist in business and industry today.

A thought provoking book which draws a clear line between public and private sector investigation. Legal aspects, organizational objectives, and the concepts and strategies of investigation are examined. Actual investigations are used to illustrate the ideas in the text.
